Theatrical Firearms Policy

The University of North Carolina School of the Arts has an obligation to provide safe working conditions for all rehearsals and performances. In productions involving the use of firearms, we have devised the following forms and guidelines in order to ensure a safe environment. It is understood that it would be impossible to cover each and every situation one might encounter in a production but, if the steps outlined in the procedure are properly followed, it is considered that one has taken reasonable precautions toward reducing the likelihood of an accident while using firearms.

If your production uses theatrical firearms, you must complete the following forms and return them to those individuals noted within the form, prior to the arrival of any firearms on campus or in rehearsal. Failure to follow these procedures may result in the lowering of your production grade.
